ASSOCIATION NEWS RELEASE

**SUMP/SEWAGE PUMP MANUFACTURERS'
OFFER LATEST CERTIFIED PUMP LISTING**

November 9, 2023

INDIANAPOLIS, IN – The Sump and Sewage Pump Manufacturers Association (SSPMA) has revised a listing of sump, sewage and effluent pumps that meet or exceed the industry Standards. Pumps bearing the “SSPMA-Certified” seal have been tested and rated in accordance with SSPMA industry Standards and will perform as stated by the manufacturer of the particular equipment involved. The Standards are designed to supply the specifier, purchaser and/or user of sump, effluent and sewage pumping equipment with accurate performance data, and to assist in the determination of proper application and selection of this equipment.

Pump companies taking part in the program are: Champion Pump, Ashland Water Group/Eco-Flo Products Inc., Franklin Electric/Little Giant, Goulds Water Technology/Xylem, Liberty Pumps, Pentair Water, Superior Pump, and Zoeller Co.

The complete listing of certified model numbers can be found on SSPMA’s website at www.sspma.org/certified-pumps.
